

Child Psychoanalysis Committee Meeting

March 3, 2020

Minutes

Present: Stan Case, Gina Ballí, David Shaner, Denise Fort, Ellika McGuire

1. February minutes review: Reviewed and approved with slight amendment
2. Integrated committees updates:
 - Admissions - Gina provided follow up from her exploration of this issue. Current requirement: applicants must have a master's degree but not necessarily be licensed to apply. Given the moves towards integration, there is no separate application process for the child and adult programs. That is, anyone admitted to the adult program can later join the child training program.
 - Progression – Don was not able to be present or provide an update
 - TA –Stan, nothing to update
 - Curriculum – Julie was not able to attend or provide an update
3. APsaA reports - Denise, ACP/DPE: Denise attended the directors meeting, chair of the educational committees. She provided updates from the conference and committee meetings.
4. APsaA - Stan, DPE, unable to attend but informed us that the DPE is planning a survey of all institutes around issues of consultation, cases, and additional areas of interest
5. March scientific session: Regression In the Therapist, to be led by Don, Julie, and Denise
6. Other business: Decision to meet in 2 months, May 5, 2020

Respectfully Submitted,

Ellika McGuire
