

SPSI Training Analyst Committee Agenda
June 23, 2021

1. **May 26, 2021 TA Meeting Minutes:** Review and vote to approve and/or amend.
2. **Consultant and TA Credentialing:** Any new report from TA members of the ad hoc committee? Have there been any applications for waiver? Is there any further discussion of the relationship between the TA committee and newly waived Consulting Analysts?
3. **Study of the Consulting Process:** A small group plans to meet on third Mondays from 7:30-9 pm for peer discussion of consultation. Do we need another time for another group of persons who could not make this time?
4. **Diversity:** How do we feel we are doing vis a vis the effort to become more diverse? Are there reactions we wish to discuss to the Don Moss paper in the recent *JAPA* on whiteness (Moss, D. 2021. On Having Whiteness, *JAPA* 69, 2: 355-371)?
5. **History Project:** At a recent Town Hall, we discussed learning more about SPSI's history. If we interview past directors, or retired TAs, do we run into the problem that they may feel ambivalent about providing history, because for them the job was to keep things confidential and handle things discreetly, not air issues publicly.
6. **Additional business**
