1. Approve June minutes – motion passed
2. Discussed shifting teaching model to 4-5 week blocks. This will likely also be part of an overall discussion next year at Curriculum committee retreat as it considers how we structure the curriculum for 4 year core program in the future.
3. How to play this year? – Potential party plan in January in which we all bring our favorite games and activities, or do a “paint and sip”.
4. Admissions committee – deferred to next meeting.
5. Denise initiated a discussion about how we might have analysts in schools near SPSI. Other ideas generated included Lowell Elementary because it is where homeless kids attend, considering Garfield because Sandy Walker already has a relationship there. Another idea was parenting topics sponsored by SPSI in the community, for example using the local Starbucks, noting that they have sponsored neighborhood events for Madison Park.
6. Scientific session possible topics were discussed. No one interested at this time.
7. Adjourned at 8:45
8. Next meetings: Dec 7, Feb 8, April, June
