

SPSI Consulting Analyst Committee Minutes  
Mar. 22, 2023

Present: Cecile Bassen, Karen Weisbard, John Cardinali, Chris Keats, Kathy Weissbourd, Ann DeLancey, Diane Wolman, Peggy Crastnopol, Martin Bullard, Gina Balli, Stan Case (Chair)

- 1. Feb. 22, 2023 Minutes:** Reviewed and approved.
- 2. Discussion of Request from a SPSI Candidate for a Waiver to have a non-SPSI Training Analyst:** It was decided that our committee can authorize a one-time waiver, under our current policies and procedures, without waiting for the faculty to approve our overall policy and procedure revisions with respect to waivers. The request from a first-year candidate for approval to see a local IPA approved training analyst for a training analysis, with someone whose credentials are well-known to us, was approved.
- 3. Revision of our Committee's Policies and Procedures:** We updated and approved a revision of the first half of our p&p's, which will be brought to the next faculty meeting for hopeful ratification. Importantly these initial revisions clarify our committee members' titles, roles and responsibilities. The remaining p&p's to be reviewed involve the pathway and procedures for appointment of SPSI graduates, for non-SPSI analysts of candidates, and for possible waivers. SPSI's role to promote APsA's guidelines, our legal standing as an educational institution (requiring training analysis and not mental health intervention), and the need to rename faculty meetings, given their inclusion of candidates with voting power, were explored.

Respectfully Submitted, S. Case
